

Categories of Cost Share Reduction (CSR)

CSR benefits are based on the household income as it compares to the Federal Poverty Level. CSR are available in **Silver** level plans, which normally have an actuarial value of 70%. CSR increases that value as reflected in the below chart.

Federal Cost Sharing Reductions per poverty level

Household Income (MAGI)	Actuarial Value of Plan	Category	Plan ID # end in
100% - 150%	94%	A	06
151% - 200%	87%	B	05
201% - 250%	73%	C	04
Under 300% *	100%	D	02
300% - 400% **	70%**	E	03

*American Indian and Alaskan Native (AI/AN only) only. AI/AN are eligible for CSR in any plan; they are not limited to Silver. Those with income below 300% FPL can enroll in a zero cost sharing plan.

AI/AN with income at or above 300% can enroll in a **limited cost sharing plan, which means no copays, deductibles or coinsurance when receiving care from Indian health providers or when receiving Essential Health Benefits through a QHP with a referral from an Indian health care provider. All other benefits have cost sharing equal to the cost share associated with the Plan ID # ending in 01.

NOTE: Plans with no CSR will end in 01
